

Is Fortune For You? Frequently Asked Questions

1. Is Fortune Real?

Yes! Do you think the attorneys for GE, AT&T, Dish or Verizon would allow these companies to get involved with something that is not legitimate?

2. Does Fortune Really Work?

Yes! It does if you do. You are not paid if you do not go to your regular job. Fortune has made it simple so anyone can do it. That is why we are the fastest growing privately held company in America today. That statistic alone tells you that something real is working.

3. Can I do it?

Yes! Do you know three people who want or need more money to change their financial circumstance? Sure you do. Do you use a telephone, cell phone, watch TV or use a computer? Sure you do. Do you know a few people who talk on telephones, watch TV, use computers or care about their health? Everybody does. That is what makes it a “no-brainer”.

4. I Don't Have \$299!

That alone is a good enough reason to do Fortune. Plan A is not working for you so why remain so devoted to it. A J.O.B. is not designed to make you wealthy. They are designed to make your employer more money. If \$299 is all that is stopping you, I will help you find it.

5. I Don't Have Time!

If not now, when? What is changing in the near future that will ever allow you more time? Let me help so you NEVER have to say those four words again! Fortune was created to give you more time and money freedom.
